FILM EDITING EQUIPMENT SUPPLIER

## New Generation Film Equipment

Latest News! We just released two additional "New Generation" OEM Replacement circuit boards for vintage Standard Speed Steenbecks. They are a redesigned Audio Amplifier Board and the Audio Power Supply Board that offer improved audio quality and additional outputs, for headphones and line-level recording devices. Upcoming products are the "B" board (Motor Speed Regulator) and "A" board (Primary DC Power Supplies) to provide larger margins of safety and better speed control.

When in 2005, we launched the "New Generation" of electronic circuit boards for Hi-Speed ( "01" ) Model Steenbecks, we simply intended to replace the OEM boards containing components that had become obsolete or unavailable. Now we have learned that our efforts to just "keep 'em running" has resulted in the extra benefits of higher reliability, lower service costs and improved performance from your Steenbeck.

Features such as Digital Speed Readout and a Simplified Alignment Procedure for multiple film speeds have reduced the cost and difficulty of repairing and aligning the old Motor Speed Regulators. Improvements such as gold-plated connectors, low-noise audio Summing Amplifier, Audio Backplane and Audio Power Supply boards result in better sound. Our replacement Lamp Dimming board has hum reduction, conventional size fuses, and user-friendly adjustments for threshold brightness. These products outperform the old boards now plagued with intermittants, hum and noise as well as unavailable parts.

A full 2-year warranty is included with all New Generation products. Purchase prices are competitive to what one might pay for a single repair to an existing Steenbeck board.

		<b>Price /Unit</b>
<b>External Counters (for either speed)</b>	LCD Digital Frame Counter	\$ 375
	VF Digital Frame Counter	400
<hr/>		
<b>OEM Replacement Circuit Boards Hi- Speed &amp; "01" Models</b>	Audio Backplane	\$ 175
	Extender Board for Projection Lamp Alignment	65
	Projection Lamp Regulator	225
	Audio Amplifier Power Supply	175
	Motor Speed Regulator	300
	Summing Amplifier (with trade-in)	225
<b>Standard Speed Models</b>	Audio Amplifier ("E" Board)	195
	Audio Power Supply ("N" Board)	195

All prices are in U.S. dollars subject to change without notice; cash or check terms; MasterCard, AMEX & Visa accepted.
